

THE DIVERSE DIFFERENCE

diversebuilders

Diverse offers flexible, premium and tailored pathway solutions for your new home build while collaborating with you every step of the way to find your perfect match.

It's our belief that every home should be uniquely designed to match the lifestyle of its occupants in order for them to be comfortable all year round.

We strive to always be an open-minded, inclusive, and supportive business in everything that we do and we understand that everyone and their situation is different.

## BE DIFFERENT. BUILD DIVERSE

### Privately Owned, Accessible and Secure

Diverse Builders has been a privately owned business for over 35 years. We are not a franchise and employ local trades and professionals. We are proud to work within our means, managing a limited amount of projects per year to ensure integrity, quality and communication with our clients is never compromised.

### Express yourself without limitations

Our Inclusions include a premium level of construction standard, design flair and choice in colour and style. We will also source any trade or supplier that you desire to make your home truly yours and be a reflection of you.

### Service Area

We service approx a 100km area from Shepparton in Victoria. Expanding across from Echuca, Murchison, Nagambie, Benalla, Wangaratta and Cobram and everything in between.

### Fixed Price Contract

Our estimates, quotes and initial pricing discussions are upfront and honest. We ensure there are little to no hidden surprises for clients later in the building journey and provide a fixed price contract.

## DIVERSE

### Adjective

1. Showing a great deal of variety; very different.

2. Including or involving people from a range of different social and ethnic backgrounds and of different genders, sexual orientations, etc..
